Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Visits the Smart Lender website. • Clicks on the Predict button. • Enters personal and financial details.	• Submits the application. • Waits for prediction. • Reviews the result.	• Views loan approval result. • Understands prediction outcome. • Plans next financial action..
Touchpoint <i>What part of the service do they interact with?</i>	• Home Page • Loan Prediction Form • User Interface	• Flask Application • Machine Learning Model • Prediction Engine	• Result Page • Prediction Output
Customer Thought <i>What is the customer thinking?</i>	• Is my loan eligible for approval? • Is the process simple? • Will my information remain secure?	• How accurate is the prediction? • Will I get approved? • Is the model trustworthy?	• Why was my loan approved/rejected? • What should I improve? • Can I apply again?

Process Ownership <i>Who is in the lead on this?</i>	Customer Frontend Application Flask Backend	Machine Learning Model Flask Backend Prediction Module	Prediction System User
Opportunities <i>How can we improve this stage?</i>	• Improve UI design. • Add form validation. • Provide helpful instructions.	• Improve prediction accuracy. • Reduce response time. • Add confidence score.	• Show rejection reasons. • Suggest ways to improve eligibility. • Provide downloadable report.
